Undergraduate Accommodation at Coventry University

Section 1: About the Halls and Rooms

Is the accommodation university owned or independently owned?

We offer a mixture of types of accommodation. Some accommodation is owned and managed by the University, but we also have partnerships with commercial providers like Unite, Liberty Living and Derwent Living.

Posters are not allowed on walls, however there are notice boards provided in each bedroom.

None of our accommodation provides a toaster or a kettle in the kitchen. We advise that rather than bringing these items with you, you arrange to purchase these items with the other students you will be sharing the kitchen with after you arrive.

Can I have friends or family to stay over?

Yes. When a student occupies the room as a single private study room, he/she is permitted to have one overnight/ weekend guest in the room, providing the student obtains permission from Student Accommodation prior to the guest arriving.

When (what day/time) can I move in?

Arrivals weekend for new students in 2011 is 24th and 25th September. On Saturday 24th September we open between 9am – 6pm and on Sunday 25th September the opening times are 11am – 4pm.

Whereabouts in the city is each hall located?

If you refer to the Student Accommodation website at www.coventry.ac.uk/accommodation there is an interactive map showing the locations of the halls and houses.

There is good security in all of our accommodation. However, the type of security varies between properties. We offer 24 hour security, patrols of sites, CCTV, and access control.

Section 2 Applying for your accommodation

When can I apply for Accommodation?

From Monday 21st March 2011, you will be able to submit an on-line application to Coventry University if you have been offered an unconditional or conditional place of study and you have made Coventry your firm choice.

To be able to apply on-line you will need your student ID number which will be sent to you separately. Once an offer is made, you have 3 days to accept and agree the offer, submit your £300 Advance Licence Fee Deposit online and initiate a payment plan to confirm your booking.

You can reject the offer at this time if you are not satisfied. No penalty charge will apply. However, you would have to re-apply and be offered accommodation subject to availability.

What are my chances of getting my first choice?

Once you have been offered an unconditional or conditional place of study and you have made Coventry University your firm choice, Student Accommodation then allocate rooms on a first come first served basis. It is important when you submit your on-line application, that you complete all the options requested as some choices may already be full. All our offers of accommodation are made strictly subject to availability. Due to demand, we are not able to guarantee that a particular property will be offered to you. However, you can be sure that your preferences will be taken into account as far as possible.

Is priority given to first years?

Yes. The majority of our accommodation is for first year students and only a small percentage is offered to returning students. We will endeavour to offer University-owned, managed or approved accommodation, provided you have submitted an on-line application.

Can I apply if Coventry is my Insurance choice?

No, Coventry needs to be your firm choice university before you can submit an application for accommodation.

Is the accommodation contract long enough for my course?

We have a number of contracts that you can choose from that will coincide with the length of your course e.g. 40, 43, 44 weeks for undergraduate students. You can select the number of weeks you need during the application process.

I have accepted Coventry's offer as my firm choice – when will I receive my accommodation letter?

Conditional Firm (CF) applications will be held until confirmation from UCAS and University academic conditions have been met. When your status has changed through UCAS to UF and you have met the academic requirements for the course then you will be made an offer of accommodation.

I am trying to apply for accommodation online but it is asking for a Student ID number: where do I find this?

Student ID numbers are emailed directly to applicants and sent in hard copy to all students who had an Unconditional or Conditional offer in February of the year of entry. Those who receive offers after this time will be able to find the Student ID number on their offer letter.
